Notary Journal?

While Georgia law does not require a notary to keep a journal, which documents each notarial act in detail, it is **strongly** recommended that a journal be maintained.

- The journal serves as an archive of each notarial act
- Elements of the act, including name of signer, signer's address, signer's signature, signer's telephone number, date and time of notarization, type of ID presented by signer, elements of the ID, date of document, type of document presented for notarization, and a comment section are essential to maintaining a journal.

How much do you
know about notary
public procedures and
law?

1. _____ A notary public is commissioned by the county Board of Commissioners' Chairman.

1. _____ A notary public is commissioned by the county Board of Commissioners' Chairman.

FALSE - A Georgia notary public is appointed and commissioned by the Clerk of Superior Court in the county where the notary resides.

2. _____ A person who is not a citizen of the United States may be a notary public in Georgia.

2. _____ A person who is not a citizen of the United States may be a notary public in Georgia.

TRUE - An applicant for a Georgia notary commission can be either a United States citizen **or** a legal resident of the United States. The applicant must also be a legal resident of the county from which he will be appointed (unless the applicant lives in a neighboring state).

3. _____ A Georgia notary public may perform official acts anywhere in the United States.

3. _____ A Georgia notary public may perform official acts anywhere in the United States.

FALSE - Georgia notaries may only perform notarial acts within the geographical boundaries of this state. In other words, they have statewide jurisdiction and may perform their official duties in any county in Georgia.

4. _____ A notary's primary function is to explain legal documents and witness signatures.

4. _____ A notary's primary function is to explain legal documents and witness signatures.

FALSE - While notaries do witness signatures, their primary function is to **prevent and deter fraud**. They do this by always requiring the personal appearance of the signer, identifying the signer, and performing the notarial act requested for the execution of the document. Unless the notary is an attorney licensed to practice law in Georgia, the notary may not explain the contents or the effects of a document or give any legal advice.

5. _____ When the document signer is not present, the notary is permitted to notarize the signer's signature if the notary verifies the signature via electronic communications (email, text, telephone, etc.).

5. _____ When the document signer is not present, the notary is permitted to notarize the signer's signature if the notary verifies the signature via electronic communications (email, text, telephone, etc.).

FALSE - A notary may never notarize when the signer is not physically present before the notary, face-to-face in the same room at the same time, even if the notary personally knows the signer and recognizes his/her signature. There are no exceptions!

6. _____ A notary may not certify a photocopy of a birth certificate or a deed.

6. _____ A notary may not certify a photocopy of a birth certificate or a deed.

TRUE - Georgia law prohibits a notary from making a certified copy of any public record or publicly recordable documents. Birth certificates and deeds are just two examples of documents in these categories.

7. _____ A Social Security card and a library card are not acceptable forms of identification for a notarization.

7. _____ A Social Security card and a library card are not acceptable forms of identification for a notarization.

TRUE - Georgia law specifies that a notary must rely on personal knowledge or satisfactory evidence to identify a signer. A Social Security card and a library card would not be reliable because they don't contain a photo to assist in determining positive identification.

8. _____ When performing a notarial act, the notary should indicate in the notarial certificate the state and county of the notary's residence (State of Georgia, County of _____).

8. _____ When performing a notarial act, the notary should indicate in the notarial certificate the state and county of the notary's residence (State of Georgia, County of _____).

FALSE - The notation in the notarial certificate that indicates "State of Georgia, County of _____" is called the venue, which is the location where the notarization actually takes place, not the county in which the notary is commissioned.

9. _____ A notary may notarize his sister's signature on a power of attorney giving him the authority to care for her minor child.

9. _____ A notary may notarize his sister's signature on a power of attorney giving him the authority to care for her minor child.

FALSE - The notary would be a party to the power of attorney, therefore, is forbidden by Georgia law from performing the notarial act. [O.C.G.A. 45-17-8(c)(2)]

10. _____ Georgia law allows notaries to charge any amount that is reasonable for a notarization.

10. _____ Georgia law allows notaries to charge any amount that is reasonable for a notarization.

FALSE - The law allows a maximum fee of \$2 per notarial act.

11. _____ A notary may notarize the signature mark of a person when that person cannot make a “normal” signature.

11. _____ A notary may notarize the signature mark of a person when that person cannot make a “normal” signature.

TRUE - A mark is considered a legal signature if the person making that mark designates the mark as his/her signature. Georgia law does not provide a specific procedure for notarizing the mark of a person, but the notary should exercise caution when performing this special notarization.

12. _____ If the document signer is blind, the notary should read the document to the signer prior to notarization.

12. _____ If the document signer is blind, the notary should read the document to the signer prior to notarization.

TRUE - The notary, as an impartial officer, should read the entire document to the signer who is blind before notarization. This recommendation is designed to protect the person with a sight disability by ensuring that the signer knows exactly what he/she is signing. However, the non-attorney notary may not explain the contents or effects of the document to the signer.

13. _____ The law allows notaries to keep copies of the documents they notarize in order to protect themselves in the event a complaint of misconduct is filed against them.

13. _____ The law allows notaries to keep copies of the documents they notarize in order to protect themselves in the event a complaint of misconduct is filed against them.

FALSE - Nothing in Georgia law authorizes notaries to keep copies of the documents they notarize, and doing so may be a violation of a person's privacy. If the transaction is related to the notary's employment, the employer may keep a copy of the transaction documents for the business file. If a notary wants personal protection, he/she should carefully document each notarial act in a permanently bound recordbook especially designed for this purpose.

14. _____ A notary public may be held personally liable for any financial loss caused by the notary's failure to properly perform his/her official duties.

14. _____ A notary public may be held personally liable for any financial loss caused by the notary's failure to properly perform his/her official duties.

TRUE - A notary has unlimited personal liability for any loss caused by official misconduct. The notary could be sued, which may result in a court judgment against the notary for the amount of the loss.
